

First we will drive to the pumpkin patch with our family.

When we get to the farm, the farmer will talk to us about farming and pumpkins.

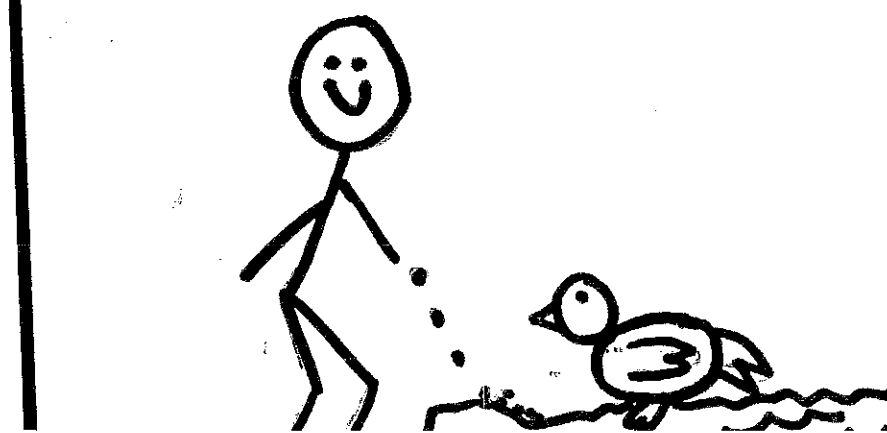

Next we will walk around and look at the animals on the farm.

Then we will go and look at all of the vegetables growing in the garden.

After, we will feed the ducks at the farm.

Finally, we will go to the pumpkin patch, and pick a pumpkin. Then we will take the pumpkin home.
